Course Evaluation

Summary of student's answers:

xxxxxx

Teachers' comments:

The course had

- 2 Lectures per week

- 6 Weekly assignments and one final project

The assignments were corrected to give the students feedback. Student handins of the assignments was OK.

The final project was mandatory, and then there was an oral exam based on this.

Changes from the previous course realisation:

A few minor adjustments in the lecture content and the assignments were made. These worked well.

Suggestions for the next course realisation:

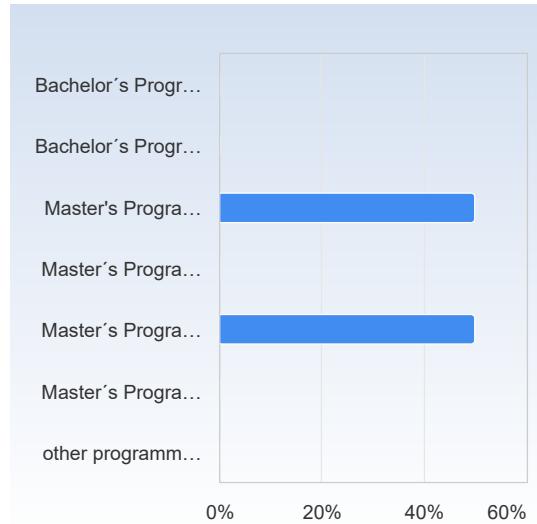

To continue with minor adjustments in lecture content and assignments. Additionally, to discuss the use of LLMs in learning with the students.
